Starting Page Numbering on 3rd Page
Microsoft Word 2010

1. Click the cursor after the last text on the bottom of the second page.

2. Under the Page Layout tab, select the Breaks in the Page Setup panel.

3. Under Section Breaks, select Next Page to insert a section break in the document.

4. Now go to the 3rd Page of the document and open the Header & Footer options by double clicking on the top of the page.

5. Under the Design tab go to the Navigation task panel and click on “Link to Previous” to deselect this option (should not be highlighted).

6. Next go to the Insert tab and select Page Number in the Header & Footer panel. Select a placement and style of page numbers.

   The page numbering should now start at 3 on the 3rd page of the document.
